14 March 1974

MEMORANDUM FOR: Director of Training

SUBJECT : Curriculum Committee Recommendation

1. The Curriculum Committee discussed the role of cross-cultural training in the OTR curriculum on 14 February. The Committee members agreed that we are concerned with a broad range of interpersonnel/cultural activities ranging from sensitizing people to each other as in operations training, to personal understanding as in management training, to sensitizing people to their own and other cultures in the Overseas Orientation.

2. We agreed that we should continue to attempt to recruit someone who can be helpful in all these areas. This person could be a psychologist or sociologist with foreign area experience or a cultural anthropologist with a specialty in ethnology.

3. Since this person will serve across unit lines, your comments and concurrence is requested. Chief, Plans and Development Staff will coordinate recruitment efforts.

STATINTL

  
Chairman,  
Curriculum Committee
